

Homework

- All homework should have a proper heading including:
- Your name
 - The date
 - Your normal class period (M-Th)
 - The homework number, question numbers, and pages

- Write out the question as well as the answer
- If you don't write out the question, the homework will be useless for study later on.
- Answer in full sentences, or, for calculations, show work.

Following the procedures above will make your homework a useful study tool!

- Homework must be handed in on time or you will lose credit.
- 2 school days late = -1
 - 3 school days late = -2
 - 4 school days late = -3
 - 5 school days late = -5
 - 6 school days late = too late (no credit)
